## ADMINISTRATIVE BULLETIN

No. 21-BUL-008

---

To: Contra Costa County Law Enforcement Agencies

From: Marshall Bennett, Director EMS

Date: July 22, 2021

**Subject: Law Enforcement Narcan and AED Use Reporting**

---

Contra Costa County is grateful to Law Enforcement agencies for their partnership with EMS, and for providing essential first responder medical interventions including CPR, AED deployment, and Narcan administration.

The EMS Agency has developed an online form to assist officers by reducing the amount of work needed to report these interventions. Please utilize the attached one-page flyer that gives your personnel access from their mobile devices to links where they can submit AED and Narcan reports.

We thank you for your support and continued engagement with prehospital services to the residents and visitors of Contra Costa County.

## Contra Costa County Emergency Medical Services

### Law Enforcement Reporting Systems

To collect data for medical device use by Law Enforcement, CCCEMS has now created on-line reporting forms for AED use and Narcan administration. We hope this new way to collect data is easier to use and will provide us with a better dataset to work with. Below are the two QR codes that will take you to the forms. You can use your cell phones and save a link on your phone that will take you directly to the form.

Narcan Administration Form  
<https://forms.office.com/g/deRFKjnYEC>

AED Deployment Form
