The motion carried unanimously.

4. Vote on recommendations for revised posting sign

The committee reviewed the revised sign.

Public comment

Dave Shoemaker said he would remove most things from the sign except where to get more information.

If he were a parent, his brain would shut off and he would just want to get his child out of the area.

Members felt that the information currently on the sign was necessary and valuable. Larry Yost said the sign gives people the option to leave or stay out of the area. Jim Donnelly proposed adding "Avoid area during active pesticide application."

A motion was made and seconded to accept the sign with the above change. (CA/LY)

The motion carried unanimously.

5. Discuss posting policy

The committee discussed the policy and agreed to add a provision regarding documenting the reason for any exemptions the IPM Coordinator may grant.

A motion was made to accept the posting policy with the above addition. (LY/CA)

The motion carried unanimously.

The committee agreed to the wording for a memo to the full Committee on the recommendations of the Task Force. (See attached)

6. Plan next meeting agenda

The work of the Task Force is complete at present.
